

Commonwealth Oil

Commform™ Bronze

WHAT IT DOES:

Commonwealth Oil's **Commform™ Bronze** is a premium product for dry cast pipe manufacturers. **Commform™ Bronze** easily releases headers and pallets. May be applied by spray or swab and requires no dilution.

WHERE TO USE IT:

Commform™ Bronze is applied either by spray, or brush to pallets & headers for packer and vibratory precast systems and will provide quick clean release from hardened concrete.

Directions for Use: Form surfaces should be clean and free from contaminants to ensure optimum performance of the release agent. For best appearance on formed concrete surfaces, apply a thin coating by using a roller, brush or sprayer. Wipe off any excess accumulation of release, as this condition may inhibit performance of release. Sprayer pressure should be no more than 60 PSI and proper spray tip should produce an oval pattern during application.

PERFORMANCE BENEFITS:

Commform™ Bronze release fluid contains no toxic or carcinogenic raw materials such as kerosene, fuel oil or aromatic solvents. **Commform™ Bronze** also provides the following benefits:

- Economical
- General Purpose
- Not water soluble
- No mixing, use as is
- Easy stripping
- Reduces the formation of surface voids
- Will not interfere with secondary treatments on hardened concrete

Precautions: At below freezing temperatures, release agent will thicken and reasonable care should be taken to maintain release thickness to ensure optimum performance.

Typical Coverage Rates: Rates may vary upon application or upon the medium used for forming.

TECHNICALLY SPEAKING:

Test	Commform™ Bronze
Viscosity: cSt @ 40°C	7.5
Appearance	Liquid
Colour	Clear, Golden Yellow
Odour	Petroleum Odour
Flash Point, COC °C	> 125
Flash Point, COC °F	> 257
Boiling Point °C	249
Boiling Point °F	480
Pour Point °C	-10
Pour Point °F	14
Density, lbs./US Gallon	7.8
Specific Gravity	0.87

These are typical figures and do not constitute a specification.

Handling & Safety Information

For information on the safe handling and use of this product, refer to the Material Safety Data Sheet obtainable from Commonwealth Oil Corporation.
