

Commonwealth Oil

SECURITY™ 4001 Lubricating Oil

WHAT IT DOES:

Commonwealth Oil's **SECURITY™ 4001** functions as a lubricant for bearings. **Security 4001 Lubricating Oil** covers all applications requiring extreme pressure properties.

WHERE TO USE IT:

SECURITY™ 4001 can be used where a viscous/tacky lubricant is required.

PERFORMANCE BENEFITS:

Security 4001 is formulated to give unsurpassed performance with the following characteristics:

- Extreme Pressure properties
- No additive separation
- Low pour point
- Anti-foam property
- Oxidation stability
- Excellent adhesion to gear surfaces over long periods of inactivity
- Non-corrosive in normal service allowing chemical stability.
