

Rust Veto 264 Rust Preventative

WHAT IT DOES:

Commonwealth Oil's **Rust Veto 264 Rust Preventative** is a mineral oil based corrosion preventative coating designed for temporary protection of ferrous and non-ferrous metals. It has excellent protection as measured by the humidity and salt spray cabinets. **Rust Veto 264 Rust Preventative** is especially effective in protecting bright, ground or highly polished steel surfaces.

WHERE TO USE IT:

Rust Veto 264 Rust Preventative can be applied by immersion, brushing or spraying and provides a thin oily film for indoor protection for up to 12 months.

PERFORMANCE BENEFITS:

Rust Veto 264 Rust Preventative has been specifically formulated to provide the following benefits:

- Excellent protection of ferrous and non-ferrous metals.
- Especially effective in protecting bright, ground or highly polished steel surfaces.
- Thin oily film left behind to provide effective indoor protection for up to 12 months.

TECHNICALLY SPEAKING:

Test	Rust Veto 264
Appearance	Clear, Amber Liquid
Flash Point, COC °C	> 120
Flash Point, COC °F	> 248
Pour Point °C	- 32.8
Pour Point °F	- 27
Aniline Point °C	79 (174)
Copper Corrosion, 3 Hrs., 100°C/212°F	1A
Density, lbs./US Gallon	7.09
Specific Gravity	0.85

These are typical figures and do not constitute a specification.

Handling & Safety Information

For information on the safe handling and use of this product, refer to the Material Safety Data Sheet obtainable from Commonwealth Oil Corporation.
